Docket No. 98N-1265 <sup>99</sup> MAR 19 P131  
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

It took me a couple years to find a  
gynon, doctor, & pharmacy that could  
relieve me menopause problems. I need  
special formulated estrogens & progesterones  
because I'm a bleeder & the "one size fits all"  
drugs & pharmacies put out will kill me  
eventually. You need to look at our  
Constitution - & get out of the FDA &  
pharmaceutical company's pockets!
